Practical Ideas

Classroom
secrets★

Practical Ideas

**Write a book review
for a friend.**

Classroom
secrets

Ensure children accurately punctuate their sentences. Discuss ideas for descriptive phrases that children could use to add extra detail.

123

Find 10 coins.

What is the total?

**Make calculations
using some of these
coins.**

Classroom
secrets

Discuss the value of each coin.
Discuss strategies for adding and create calculations, for example: $\pounds 1 + 50p + 2p = \pounds 1$ and 52p.

**Make a cake with
an adult.**

**Design a poster to
advertise your
product!**

Classroom
secrets

When tasting, discuss ideas for adjectives that can be used. Look at different advertisements and discuss things you like and dislike.

Practical Ideas

123

How many times
tables questions
can you answer in
30 seconds?

Can you beat your
record?

Classroom
secrets

Go on a number
hunt.

Create calculations
using the numbers
you have found.

Classroom
secrets

Find objects to
make arrays.

Show each
calculation in the 8
times table.

Classroom
secrets

Give children quick fire
multiplication questions from the 2,
3, 4, 5, 8 and 10 times tables.

Discuss different places to collect
numbers. Encourage children to
create addition, subtraction,
multiplication and division
calculations.

Discuss how the arrays add a row
of 8 each time, so calculations
can be answered by repeated
addition $\rightarrow 8 + 8 + 8$ (shown
above).

Practical Ideas

 Choose your favourite fairy tale and write an alternative ending.  	 Choose a book title. Act it out in front of your family.  Can they guess your book title? 	 Read a magazine article.  Write: • 3 new things you have learnt. • 2 things you want to research. • 1 thing you liked about it. 
Talk about what needs to be included in the story. Talk about different endings and how the events could be changed.	With a friend or family members, take it in turns to play. Choose different children's books, and act out without speaking.	Provide articles that your child might find interesting. Read the text together. Explain any unfamiliar words. Discuss ideas for the questions together.

Practical Ideas

123

Generate a 2-digit number.

How many ways can you partition this number?

Classroom secrets

Roll a dice twice to generate a 2-digit number. Discuss how this number can be partitioned. Can the number be partitioned into more than 2 parts?

Design your own board game.

Write instructions to explain how to play.

Classroom secrets

Discuss games that children like to play and ideas that they can take from this to create their own. Talk about the layout and features of instructions.

Draw a picture of your favourite animal.

Create a fact file to share with a friend

Classroom secrets

Discuss what different resources could be used depending on what is available, for example: paint, pencils or collage. Discuss where/how to find facts.
